

Norris High School Vocal Music

Vocal Music Mentoring Program

About Our Program

Music mentoring (voice lessons) at Norris High School and Norris Middle School is an exciting program that few schools in Nebraska have as part of their music program. Mentoring allows students to take private voice lessons during the school day with high quality teachers who have degrees in music. Private mentor lessons can help students who are serious about their musical skills become much more proficient musicians.

Benefits of Mentor Lessons

Most colleges give scholarships for music majors and non-music majors who simply have a talent in singing. Mentors help nurture these talents and build a vocal repertoire students need for auditions.

Students who are interested in auditioning for honor choirs or for district music contest can learn their audition materials with music mentors.

Students wanting to increase their chances of being selected for show choir or for larger parts in musicals also choose to take mentor lessons.

MOST IMPORTANTLY: Mentor lessons will improve students' musical skills and help students develop into more mature and accomplished singers.

Our Mentors

Carey Helmink (791-2044)

Carrie Solomon-Schultz (423-3164)

Kara Hoefs (karahoefs@hotmail.com)

2008-2009 Lesson Costs

Weekly Lesson (piano or voice) \$15.00 each

Pay for the Entire Semester \$235 approx.
